

Read, sing and learn

One World, Many Colours

We come from places near and far.
Each one shining like a star
different voices, different ways.
But together we make brighter days.

Chorus

*One World, many colours, let's
celebrate*

*Each shade and story, isn't it great.
Hand in hand, we're stronger, it's true.
The world's a rainbow, me and you.*

Our foods, our clothes,
the games we play, show who we are
in every way,
And when we share, we learn and
grow.
There's so much beauty to show.

Chorus

*One World, many colours, let's
celebrate*

*Each shade and story, isn't it great.
Hand in hand, we're stronger, it's true.
The world's a rainbow, me and you.*

Like flowers blooming side by side.
We're different but all have pride
When we share we learn and grow,
There's so much beauty to show.

One world, many colours, let's
celebrate

Each shade and story
Isn't it great?
Hand in hand, the stronger it's true.
The world's a rainbow.
Me and you.

Chorus

*One World, many colours, let's
celebrate*

*Each shade and story, isn't it great.
Hand in hand, we're stronger, it's true.
The world's a rainbow, me and you.*

So let's stand together, and sing this
song
in this big, bright world.
We all belong.
Different colours but one big crew
The world's a rainbow
Me and you
